Come and fish with the bass masters!

About Bass Sport Fishing

When visualising what sport fishing is, you need to forget the man sitting on a stool or chair, arms folded, waiting for something to happen - sport fishing is far more involving - you need to keep moving, keep casting, keep reeling, keep your wits about you so you can stay on the fish and catch as many as you possibly can during a session.

If you are fit and interested in adventure, exploring new territory, rock climbing and hunting - sport fishing is going to be for you.

Sport Fishing has a huge following abroad, including Europe, USA and Japan and we are beginning to see real interest amongst both die hard anglers and newcomers who want to try something new and exciting.

There is little doubt sport fishing is an addictive and enjoyable pastime which is going to see much growth in the UK over the coming years.

Our Guide Service

Our guides come with 20+ years experience and are highly successful sport fisherman.

Coast to coast they know where bass are most likely to be active and will get you on the hots spots as quickly and as safely as possible.

We provide individual and group guiding services.

Individual Guide Services

Our standard guide service starts at £495 per day.

This covers: • Fully Insured Guide • Kit Pack, including Rod, Reel and Lures • Restaurant Lunch • Refreshments • Days Transport - including pick up

Group Guide Services

Ideally suited for groups between 2 to 6 people, prices start at £750 for a group of 2 people, which includes travel between marks and lunch.

Custom Made Experiences

If you would like a custom made package for business or pleasure, Bassmasters can arrange practically everything for you. Please ask for details when booking.

Cornwall Bass Fishing

Cornwall enjoys mild climates all year round, due to the Gulf Stream.

Bass are generally active here all year round, albeit feeding between shallow and deep water through the seasons.

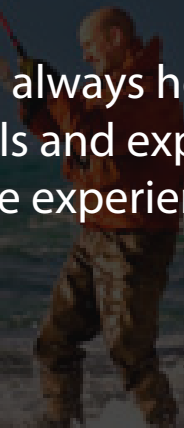

Using the very latest lures and techniques available, we can advise you on the best tactics to use on the day.

Bass Fishing can be done practically all year round in Cornwall, so our guides are active throughout the year.

From April through to January is absolutely fine for us in Cornwall, with our guides experiencing good catch rates throughout.

During February and March it can be a little more challenging, so we would only ever recommend this to the most die hard bass sport fishing fans!

For health and safety reasons, we would always help you plan the most suitable conditions according to the skills and experience of the individual or group to ensure an enjoyable and safe experience during your time with Bassmasters.

FAQs

What Kit do we need?

We recommend you come with studded boots, breathable gore tex waders, waterproof coat and back pack. You are welcome to bring your own lures too.

We will discuss your kit when your booking is confirmed. If you have all, some or nothing, we can hire anything you need.

How fit do you need to be for sport fishing?

For surf and coastal rock fishing you do need to be in good health, as the walking and climbing involved can be exhausting and energy sapping.

For boat fishing, your health is not such an issue, but you would be constantly casting during an 8 hour session, so you need to be confident you can easily manage that, without putting your health at risk.

Are we guaranteed to catch fish on the day?

Our guides will do everything they possibly can to get you onto the fish, but unfortunately we cannot guarantee this.

What we can guarantee is that our guides will take you out on a great experience and help you hone your skills to improve your catch rates.
